

Recent Advances in Adult Stem Cell Research And Other Alternatives to Embryonic Stem Cell Research/Cloning

August 2010

ADULT STEM CELL VERSATILITY

- “Thymus cells transform into skin cells in Swiss laboratory,” *Science Daily*, August 19, 2010, www.sciencedaily.com/releases/2010/08/100818131605.htm

BONE/CARTILAGE

- “Synthetic bone graft recruits stem cells for faster bone healing,” *Physorg.com*, August 2, 2010, www.physorg.com/news199972215.html
- “Adult stem cells used to aid recovery after surgery,” *Star News* (Wilmington, NC), August 26, 2010, www.starnewsonline.com/article/20100826/ARTICLES/100829737

HEART

- “‘Smart’ adult stem cells repair hearts,” *Science Daily*, August 17, 2010, www.sciencedaily.com/releases/2010/08/100816204208.htm

LUNGS

- “Using bone marrow stem cells to treat critically ill patients on verge of respiratory failure,” *Science Daily*, August 12, 2010, www.sciencedaily.com/releases/2010/08/100811162352.htm

SPINAL CORD

- “Repairing spinal cord injury with manipulated neural stem cells,” *Science Daily*, August 18, 2010, www.sciencedaily.com/releases/2010/08/100816122130.htm
- “Paralyzed Iraqi War Veteran Will Be First to Receive Adult Stem Cells to Treat Spinal Cord Injuries at TCA Cellular Therapy,” *Business Wire*, August 4, 2010, www.forbes.com/feeds/businesswire/2010/08/04/businesswire143396254.html

WOUNDS/BURNS

- “Researchers use stem cells to treat children with life threatening blistering skin disease,” *Physorg.com*, August 11, 2010, www.physorg.com/news200766341.html

*We advise you to look up these articles and, if you want to print hard copies, do so **immediately**, as some may be available online for a short time only. If the link is no longer working, do an Internet search for the article, as it may be posted elsewhere.*
